Information

Annual General Meeting

- The next ECBHM Annual General Meeting (AGM) will be, as you know September, the 6th 2022 from 17:00 to 19:00 at the Venue of the World Buiatrics Congress 2022 in Madrid. For the first time the AGM will be held in hybrid format (on-site with the possibility to attend virtually). We will use the platform "click-meeting" to make this possible. Because legally all voting diplomates have to use the same voting procedure all attendees – even those present in the room- are required to cast their votes electronically. For this purpose PREREGISTRATION is REQUIRED FOR ALL ATTENDEES eligible to vote at AGM through the following URL address: <https://ecbhm573.clickmeeting.com/ecbhm-agm-2022/register>. Also be sure to bring with you an electronic device with WIFI-connectivity to be able to vote. NOTE: Diplomates and residents who did not pre-register will not appear in the voting database, and will not be able to vote - even if present in the room- as we are not allowed to offer alternative voting modalities
- We would like to thank all the volunteering diplomates and residents willing to help staff our ECBHM booth at the conference! You will be contacted soon to schedule shifts at our booth according to your availability. For all other diplomates, residents and friends attending the WBC, please stop by at booth No. 33.
- Main events during the WBC: Sunday 4th - Thursday 8th September 2022
 - ECBHM Workshop (Clinical Platform): Monday 5th Sep, 15-16:30h; Room "Meeting Room". FREE attendance for any WBC attendee on-site.
Speakers at the Workshop:
 - Beat Berchtold. "Dairy Herd Health investigation, in particular the milking parlour". Veterinary private practice, (Switzerland). <http://www.tbb-rind.ch>
 - Lies Beekhuis. "The comparison of two heat detection systems in an 800-cow dairy herd in West Wales ". Veterinary private practice Priory Vets Cardigan, (UK)
<https://www.prioryvetscardigan.co.uk/>
 - Philippe Camuset. "Sustainable parasite control in France. Treat as low as reasonably achievable"; Veterinary private practice Caux-Seine, Yvetot (France) www.veterinaires-caux-seine.fr
 - AGM: Tuesday 6th Sep, 17-19h; Room "Paris"
Or through the URL that you will receive following preregistration to the AGM as described above
 - Post-AGM-Aperitif, courtesy of the ECBHM; until 21:00h (tbc) at conference venue, just in front of the room Paris.
 - GALA-Dinner: Wednesday 7th Sep at the Palacio del Negrlejo (Carr. de Mejorada, Km. 3, 28522 Rivas-Vaciamadrid, Madrid); registration required through congress webpage.
 - Farewell-Dinner and Party: Thursday 8th (Bullfight-Ring, Las Ventas); registration required through congress webpage.
 - ECBHM Residents' scientific presentations: split through different communications sessions; ECBHM Best Resident's Presentation Awards will presented at the end of the Conference
 - Residents' Workshop on Vaginal Surgery (for registered residents): 8-9th September.

News for the residents and diplomates

- One new **resident representative** is due **to be elected** as a new member of the Residents' Committee to replace Linde Gille, who completed here residency. Any active resident, following a standard or alternative residency program, and most desirable in her/his first or second residency year can be nominated. The last day to submit nominations by sending an e-mail to admin@ecbhm.org (Header: "Resident representative") is 15th August 2022. Residents will be able to cast their vote electronically after invitation by the Board Secretary. Results will be

announced on 2nd September, so that the new residents' representative can be officially presented at the AGM.

News from other colleges

Message from the EMA Liaison Officer

- The European Medicines Agency (EMA) the website linked to a database for livestock farmers, pet owners and veterinarians to access up-to-date and reliable information on all authorised veterinary medicines in the EU, enabling them to make informed decisions to protect

the health of their animals. Thanks to this new platform, everyone can now easily find out where medicines for animals are authorised and available across Europe. The availability of safety information on these medicines is also highlighted with a reference to the veterinary database. The URL to the website is <https://medicines.health.europa.eu/veterinary/select-language?destination=/node/210934>
