Jubilee Annual General Meeting 2023 – Reminder to send pictures

Thank you to all who already sent pictures for the celebration of our 20th anniversary as EBVS certified specialty college 2023.

To have pictures from different years, events, and people, I would like to ask you all to contribute. No matter, if your pictures were taken at AGMs, meetings, workshops,

party around events or during your work with cattle. We would like to show these pictures exclusively during this event in a slide show.

We would be happy to receive as many pictures as possible to make the event more personal and livelier. Please send them via e-mail to or ask for an up-loading possibility at Daniela vice.president@ecbhm.org

Thank you in advance and hope to meet you all there!

Information

Celebration “20 years of ECBHM as EBVS certified specialty college”

Together with the agenda for the AGM 2023 in Berlin you received an invitation for the ECBHM Jubilee reception that will take place on **Friday August 25th from 19:30** (following and in proximity of the AGM) onwards at the Venue of the EBC.

Refreshments and food will be served. **All Diplomates and Residents are cordially invited to join us for the celebration, but pre-registration (at no charge) is imperatively required!** Please send an email to Admin@ECBHM.org with the Header “Jubilee get-together” to register for this event.

Staffing of ECBHM booth during the European Buiatrics Congress in Berlin

The ECBHM will again be present with its booth at the

industry fair of the EBC in Berlin. We are still looking for volunteers to staff the booth during the congress. As for last year we prepared a Google spreadsheet where volunteers can pick one or several suitable time slots. [EBC 2023 - Google Sheets](#) (we still have quite a number of open slots).

For each time slot we would ideally like to have two individuals on site to introduce the college to interested people, answer questions and distribute information material. For further information please contact us at president@ECBHM.org.

Please take the opportunity to stop by our booth at the industry fair immediately to the left of the main entrance.

Round Table “The biggest challenge in cattle practice: How to recruit and retain the next generation of veterinarians”

The ECBHM will host a round table session discussing the current recruitment crisis in farm animal practice. The event will take place on **Thursday August 24th from 16:30 to 18:30 in Room AB** at the venue of the EBC in Berlin. Practice owners / managers, and early career veterinarians from across Europe, a representative from academia and a dairy farmer will participate in this discussion moderated by Wolfgang Heuwieser. All registered delegates at the EBC are welcome to attend.

News from the EMA-Liaison Officer

The European Medicines Agency (EMA) is organising its first-ever [EMA Veterinary Awareness Day](#) to be held on **12 and 13 September 2023**. Spread over two days, the event will focus on providing an overview of the Agency’s work in veterinary medicines science and regulation in the European Union and give an insight into how this aims to benefit animal health and welfare. It will include sessions on antimicrobial resistance, support for innovation and collaboration with academia. In addition, there will be parallel sessions on more specific topics, such as animal welfare, veterinary medicines and the environment. Details on the programme and speakers will be made available in the upcoming weeks. To attend the event virtually, please register [here](#) by 11 September.
