

MIDDLE-EUROPEAN BUIATRICS CONGRESS

"Future perspectives for buiatrics"

FIRST ANNOUNCEMENT

Dear Colleagues!

It gives me a great pleasure to invite you all for XXI Middle European Buiatrics Congress organized by Polish Association for Buiatrics. It will be held in Hotel Anders located in Stare Jabłonki near Olsztyn from May 19th to May 22th, 2022.

Workshops, lectures and posters will be organized and presented on 19-22 of May, 2022. We also prepared an interesting social programme for accompanying persons, which will allow them visit the tourist attractions of Warmia and Mazury.

Olsztyn is the capital of the Warmian-Masurian Voivodeship, founded as Allenstein in the 14th century. For centuries the city was an important centre of trade, crafts, science and administration in the Warmia region linking Warsaw with Königsberg. The most important sights of the city include the medieval Old Town and the Olsztyn Cathedral, which dates back more than 600 years. The picturesque market square is part of the European Route of Brick Gothic and the cathedral is regarded as one of the greatest monuments of Gothic architecture in Poland.

The aim of the Congress is to promote scientific discussions between researchers from different countries on the current scientific and practical aspects of veterinary medicine for ruminant health.

**President of Polish Association for Buiatrics
Przemysław Sobiech**

Organizers

Polish Association for Buiatrics, Faculty of Veterinary Medicine of University of Warmia and Mazury
