

ECBHM

Residents' Workshop 2022 in Madrid "Vaginal Surgery"

After 2 years of COVID-inflicted silence, the ECBHM proudly organized again a hands-on and real-life workshop for its residents.

Susana Astiz, our past-president and her team in Madrid filled two days with theory and practical on-farm experience about vaginal surgery in cattle.

The ECBHM proudly sponsored this event for our residents.

ECBHM: Advancing knowledge in bovine health management.
